Puget Sound Washington Chapter
of Independent Electrical Contractors, Inc.

A Newsletter by Puget Sound Washington Chapter

Volume 3

Issue 1

February 2005

MISSION STATEMENT

The Independent Electrical Contractors- Puget Sound Chapter is an organization of merit shop electrical contractors of high standards dedicated to providing technical education and training, business management skills and legislative involvement while increasing public awareness of our industry.

GOALS

Membership: To actively seek and maintain membership of all licensed merit shop electrical contractors in the Puget Sound area of Washington State.

Education: To provide technical and business management training for our member and their employees.

Public Relations: To develop public awareness that IEC members are highly skilled electrical contractors upholding the highest standards and actively seeking cooperation for the betterment of the whole industry, including their employees.

Legislation: To be recognized by legislators as a strong political voice representing our members and the industry through active lobbying and a viable national and local Political Action Committee.

From left, Bruce Towhey, President of Taurus Industries and Chapter President Bob Taylor, president of Arcadia Electric, at our Christmas party.

If you didn't attend our Christmas Party December 3rd, you missed a super event! Great door prizes, provided by **Platt Electric**, were randomly drawn and awarded, to the delight of attendees. About ten prizes, including everything from high end electronics, a Little Smoky Meat Smoker, and valuable Platt gift cards were given out. "Thank You's" go to **Platt Electric**, the sponsor of this event and to **Lee Bowman** and **Kevin Keierleber**, who both represented **Platt** and took the time to attend.

Little Creek Hotel and Casino proved to be a fun party site and the accommodations, hotel staff, banquet manager and servers were very helpful. Dinner was delicious and the party game hilarious! Fun was had by all that attended if laughter is any gauge by which to measure.

Our first IEC Holiday Food Drive donations were very gratefully welcomed by the Helpline Food Bank in Port Orchard. I dropped off at least 50 pounds of food the day after the party. On behalf of the food bank, thank you to everyone who contributed.
Meredith
